

School Traffic Count

Instructions; Please complete one of these forms for each day. Have someone count every child who arrives at school on foot, bicycle or in a motor vehicle at least three mornings during one week. If you have multiple locations where students arrive, do one form for each location.

Road name or location:

Date: _____ Start _____ End _____

Weather:

- Clear
- Partly cloudy
- Partly sunny
- Cloudy
- Rain/Snow

Temperature:

- Below Freezing
- 30-50
- 50-70
- 70-90
- Hot

Count the Students

	Cars	Students	Bicyclists	Walkers
7:30-7:45 am				
0-15 min				
7:45-7:59 am				
15-30 min				
8:00-8:14 am				
30-45 min				
8:15-8:30 am				
45-60 min				

Names of counters and recorders:

1. Have counters pair up in teams.
2. Each team should have two people and should be assigned to one location where students arrive.
3. One person counts and another records.
4. Record tic marks for vehicles, cyclists and walkers. Record numbers of students in cars.
5. Combine data from all forms into one form per day.
